Index to Volume 20

Abdenour TE, 17
Achilles tendon
  laceration, 84
  rupture, ultrasonography diagnosis, 378
  surgical repair, early postoperative motion, 459
ACL
  allografts, fresh-frozen patellar tendon, 118
  deficient knee
    altered muscle patterns, 182
    biomechanical evaluation of iliotibial tract screw tenodesis, 742
    gait adaptations and dynamic joint loading, 707
    isokinetic performance in the quadriceps muscle, 754
    meniscal repairs, 176
    quadriceps and hamstring strength, 162
  injuries, associated with meniscal tears in skiers, 542
  prosthesis, GORE-TEX, 246
  reconstruction
    allograft with synthetic augmentation, 336
    arthroscopically assisted, 406
    central one-third patellar ligament, 38
    complications, 615
    composite collagenous prosthesis, 507
    conservative treatment of medial collateral ligament rupture, 283
    continuous passive motion effect, 122
    Dacron prosthesis, 20, 24
    fresh-frozen patellar tendon allograft, 118
    graft placement, 217
    lateral extraarticular tenodesis, 38
    loss of motion, 499
    over-the-top versus through-the-condyle, 567
    patellar and quadriceps tendon, 471
    patellar tendon autograft, 519
    patellar tendon evaluation by MRI, 332
  repair
    semitendinosus and gracilis tendon regeneration, 221
    using a synthetic augmentation device, 667
    versus conservative treatment with combined MCL injury, 7
  rupture, treatment of isolated and combined, 7
  tears, associated osseous injury, 382
Acromioclavicular dislocations, strength after conservative management, 328
Acromioclavicular injury, complications, 360
Adductor longus tendon, tenotomy, 640
Adolescent
  arm wrestling fracture, 347
  football injuries, 575
  gymnastic injuries, 290
  wrestling injuries, 199
Aerobic dance injuries, fibular stress fracture, 481
Aglietti P, 38
Åkermark C, 640
Albo RA, 17
Alexander AH, 193
Alfred RH, 766
Allenmark C, 378
Allograft
  fascia lata, biomechanical analysis, 607
  fresh-frozen, ACL reconstruction, 118
  meniscus, fresh and cryopreserved, 644
  synthetic augmentation, ACL reconstruction, 336
Altchek DW, 702
Amendola A, 336
Anabolic steroids
  effect on collagen synthesis, 262
  psychological moods and subjectively perceived behavioral and somatic changes, 717
Andersen HN, 20
Anderson AF, 135
Anderson IF, 221
Anderson K, 416
Anderson TE, 396
Andersson C, 7
Andreasson GO, 257
Andriacchi TP, 67, 707
Andrish JT, 396
Animal studies
  dog
    exogenous fibrin clot used in repair of osteochondral defects, 725
    meniscal regeneration, 104
    meniscal repair using fibrin sealant, 537
  goat, meniscal transplant, 644
  rabbit
    composite collagenous ACL prosthesis, 507
    Dacron meniscal prosthesis, 73
    patellar tendon necrosis, 401
  rat, anabolic steroid effect on collagen synthesis, 262
  sheep
    patellar tendon autograft healing, 558
    synthetic augmentation of allograft in ACL reconstruction, 336
Ankle
  instability, effects of external support, 257
  lateral ligaments, reconstruction, biomechanical analysis, 594
  os trigonum impingement in dancers, 533
  sprain
    diagnosis, 2
    syndesmosis, 146
  synovitis, 496
Announcements, 100, 241, 373, 492, 625, 788
